Does this thesis contain already published work (subchapters)?

Does this thesis contain already published work (subchapters)?

NO

YES

If "Yes", copyright issues are not violated because ...

paper(s) have been published open access distributed under the terms of e.g. the Creative Commons CC-BY 4.0 license (no further proof is required if this is evident from the pdf). This holds true for the following papers (e.g. paper 2, project 3):

.....

Paper(s) are reproduced with permission of the publisher (enclose a copy of the permission of the publisher). This holds true for the following paper(s):

.....

.....

The publisher allows putting the submitted or accepted version of the paper at any website (repository) but requires that the original article is referenced. Enclose proof by a printout of the journal website where this is described (it is recommended that you keep this printout for your legal safety and ensure that the date accessed can be seen). This holds true for the following papers:

.....

The publisher allows reprinting papers/content after an embargo of ___ months. (Enclose a copy of this permission). This holds true for the following papers:

.....
