

Life Science PhD Meeting Innsbruck 2024 Program

Location: Biocenter Innsbruck, CCB, Innrain 80/82 6020 Innsbruck

Wednesday April 3rd

09:00-13:00 (M01.490) – Workshop Miltenyi Biotec "From Sample Preparation To Flow Cytometry" 14:00-18:00 – "Project Presentation" Clinical PhD

Thursday April 4th

09:00-09:15 M.EG.180	Opening
09:15-10:00 M.EG.180	Plenary Lecture Frances Ashcroft , Dep. Physiology, Anatomy and Genetics, University of Oxford <i>"Metabolic regulation of insulin secretion in health and disease"</i> (chair: TBA)

10:00-10:30 Coffee break with snacks

10:30-12:10 1A (M.EG.180)	Parallel short talk session 1A Cell biology Wohlfarter, Timpen, Cucchiaro, Hau, Popottnigg, Schöppe (chair: Astha Purwar, Nikolas Marchet)
1B (L.EG.220)	Parallel short talk session 1B Neuroscience Török, Gabassi, Riehl, Halim, Steiner, Ferro (chair: Mitja Posch, Paola Chietera)

PHIO Scientific GmbH presentation (15 min) *"New non-invasive, label-free monitoring approach for 2D and 3D cell culture"*
Lunch break

13:00-15:00	Poster session I (Odd numbers)
-------------	---------------------------------------

15:00-15:15 Coffee break with Snacks

15:15-16:00 M.EG.180	Plenary Lecture Rao Tata Nageswara , Experimental Oncology and Hematology, Kantonsspital St.Gallen <i>"Targeting Metabolic Dependencies in Myeloid leukemias"</i> (chair: Clara Dossler)
-------------------------	---

16:15-17:00 M.EG.180	Plenary Lecture Rafael T. M. de Rosales , School of Biomedical Engineering & Imaging Sciences, King's College London <i>"Imaging of Drug Delivery Nanomedicines and Cell-based Immunotherapies"</i> (chair: Taraneh Zavvar)
-------------------------	--

17:00-17:30 M.EG.180	IGDT Best Paper Award and Alumni-talk
-------------------------	--

17:30-20:00 Social evening in the CCB Foyer

Friday April 5th

09:00-09:15 M.EG.180	Announcements
09:15-10:00 M.EG.180	Plenary Lecture Anne Claire Conibear , Institute of Applied Synthetic Chemistry, Faculty of Technical Chemistry, TU Wien <i>"Chemical biology tools to understand protein posttranslational modifications in disordered proteins"</i> (chair: Isabel Singer)

10:00-10:30 Coffee break with snacks

10:30-12:10 1A (M.EG.180)	Parallel short talk session 2A Immunology Abd El Halim, Eichin, Dieckmann, Jäger, Riepler, Krendl (chair: Jasmin Hatami, Jiri Koutnik)
1B (L.EG.220)	Parallel short talk session 2B Others Kibet, Schwab, Tiefenthaler, Zavvar, Gariglio, Muñoz Bolaños (chair: Adam Pollio, Stephanie Waich)

12:10-13:00 Lunch break

13:00-15:00	Poster session II (Even numbers)
-------------	---

15:00-15:15 Coffee break with Snacks

15:15-15:45 M.EG.180	MCBD and Neuroscience Best Paper Awards
-------------------------	--

15:45-16:30 M.EG.180	Plenary Lecture Marlene Bartos TBD , Institute of Physiology, University of Freiburg <i>"Inhibition shapes representation of space and context in the hippocampus"</i> (chair: Francesca Silvagni)
-------------------------	---

16:30-17:30 M.EG.180	HOROS Alumni-talk Poster and Short Talk Awards Closing remarks
-------------------------	---

17:30-18:00	Sponsors Quiz - Award ceremony
-------------	---------------------------------------

18:00-22:00 Come together with buffet in the CCB Mensa
